Dear Fred,

I am sending you, through Air Force channels, copies of a Guided Missile Intelligence Committee (GMIC) developed guide for the interrogation of [REDACTED]. This document is not presently cleared for release, but I have taken appropriate action and expect approval for release very shortly. I'll wire you as soon as I have official word, so that you can indicate [REDACTED] what we are doing in this area.

Also, I have written a letter [REDACTED] through you, asking him about prospects for [REDACTED] next spring. If he decides to come to Washington in December to discuss agenda, etc., you might consider coming with him, as I could sure use your advice and support in making plans for the conference.

Keep in touch, and let me know when you plan to come over again -- we would like to have some time with you.

Best regards,

GEORGE H. WILSON
Lt Colonel, USAF
Chairman, GMIC
